Ambience

Description

The **SLAMP Cordoba Suspension Pendant Lamp** presents a design with asymmetries and fragments with a disarticulated appearance, it moves away from traditional aesthetic standards and is inspired by the Spanish city of the same name, where architecture and lights design a mystical atmosphere.

It is a **handmade** design by the prestigious Italian brand **SLAMP**, a company dedicated to designer lighting. The **Cordoba** design is made of technopolymer sheets of **Cristalflex®** material and emits a warm white LED light of 15000 lumens.
