Technical Details

Power:	150 W
Voltage:	220-240V AC
Multi-Voltage:	100-240V AC
Frequency:	50-60 Hz
Input:	3-pin XLR tipo D
Output:	3-pin XLR tipo D
Dimmable:	DMX
Light Source:	COB
Number of LEDs:	1
Light Colour:	RGBW

Beam Angle:	90°
Use:	Outdoor
IP Protection:	IP65
Material:	Aluminium
Installation:	Surface
Size:	240x240x320 mm
Total Weight:	7.00 kg
Warranty:	3 Years
Certifications:	CE & RoHS, UKCA
Brand:	EQUIPSON

Description

The **150W COB200 4 IP65 DMX RGBW LED Spotlight** features RGBW colour COB LEDs with a total of 150W. It is manufactured by the prestigious brand EQUIPSON, a Spanish high-tech company specialised in entertainment and professional installation. It was founded in 1995, and after more than 20 years of rapid growth, the company has earned the trust and respect of all the major players.

Features of the 150W EQUIPSON COB200 4 IP65 RGBW DMX LED Spotlight

This spotlight allows to obtain a homogeneous colour tone. **It is controlled and regulated by DMX protocol through fixed channels, allowing you to control the behaviour of the LED lights at all times.** Its use is simple, just connect a console compatible with the DMX standard to the input enabled for this purpose.

Its heat dissipation system is one of the most effective on the market thanks to its high resistance aluminium materials and its honeycomb header. With a **90° opening angle**, it is perfect for focusing the light on a specific place.

On the back of the spotlight there is an interface with a screen to display the DMX channels and buttons to navigate through the menu. You can select different parameters like manual dimming and strobe mode with speed control. The spotlight includes a DMX mode (8 channels) with individual dimming level, strobe function and automatic program.
