Colour Temperature

☐ Cool White 4000K

Ref:

81797-164891

Technical Details

Power:	7 W
Voltage:	220-240V AC
Frequency:	50-60 Hz
Screw:	E27
PAR:	20
Light Source:	OSRAM
Light Colour:	Cool White
Lumens:	500 lm
Luminous Efficiency:	75 lm/W
Energy Efficiency 2023 (UE-2019/2015):	G
Use:	Indoor

IP Protection:	IP20
Material:	Aluminium
Colour:	Black
Size:	125x60x60 mm
Height:	125 mm
Diameter:	Ø60mm
Total Weight:	0.18 kg
Working Temperature:	-30°C~ +45°C
Life Span:	40,000 Hours
Warranty:	3 Years
Certifications:	CE & RoHS, UKCA

Description

The **7W PAR20 E27 Multi-angle 15°-60 LED Bulb** allows us to replace the old halogen bulbs and reduce electricity consumption.

Its Osram source **has a total luminosity of 500 lumens, which would be comparable to that of a conventional 50W bulb.**

Full Spectrum technology combines the colours Red and Blue, eliminating Yellow from its range. The Blue light helps us to activate, **maintain a higher level of focus, which makes it ideal for long working days.** Thanks to the combination of these two colours, lighting suitable for offices, libraries, offices, etc... will be created.
