Use	Outdoor		

Ambience

Description

This 9W RGB LED Surface Spotlight IP68 is a highly versatile lighting element, perfect for lighting fountains, gardens or pools.

Its 9x Epistar LEDs are enough to replace conventional floodlights of up to 80W. This means we're saving a considerable amount in energy. It's ready to withstand all sorts of weather conditions as it has an IP68 Protection factor.

As it's made from stainless steel, this 9W RGB LED Surface Spotlight IP68 is very resistant and long-lasting. Its working life is very long and can reach 50,000 hours in total. **In order to control RGB functions, we'll require a corresponding RGB controller and remote control dimmer.**

Here at LEDKIA, our online lighting shop, you'll find this 9W RGB LED Surface Spotlight IP68. Enjoy the most fun LED lighting with a 5 year warranty and the best price on the market.

*Does not include transformer.

*Controller/Dimmer not included.

*This LED Floodlight has an approximately 2 metre cable for feeding the unit.
