## Description

The **SIMON 82 82630 Frame for 3 Elements** from the **Simon 82** series is finished in white and ivory. It is suitable for recessed and surface mounting with its respective boxes and is 89 x 87 mm in size.

The base is made of thermoplastic and the frame is made of thermosetting material. The Simon 82 series frames are characterised by their balance and simplicity.

A minimalist design with noble finishes and a wide range of textures that adapt to each space. This series is compatible with the most advanced functions that make a space more comfortable.

Compatible with Series 75 and 82 Mechanisms.

Does not include mechanisms, ONLY Frame.
