## Technical Details

<b>Power:</b>	7 W	<b>Beam Angle:</b>	60°
<b>Voltage:</b>	220-240V AC	<b>Lens Type:</b>	Frost
<b>Multi-Voltage:</b>	85-265V AC	<b>Use:</b>	Indoor
<b>Frequency:</b>	50-60 Hz	<b>IP Protection:</b>	IP20
<b>Dimmable:</b>	TRIAC	<b>Material:</b>	PC
<b>Screw:</b>	GU10	<b>Size:</b>	58xØ51 mm
<b>Light Source:</b>	EPISTAR SMD2835	<b>Height:</b>	58 mm
<b>Number of LEDs:</b>	12	<b>Diameter:</b>	Ø51 mm
<b>Light Colour:</b>	Daylight, Cool White, Warm White	<b>Working Temperature:</b>	-20°C ~ +40°C
<b>CRI:</b>	80	<b>Life Span:</b>	40,000 Hours
<b>Lumens:</b>	560 lm	<b>Warranty:</b>	3 Years
<b>Energy Efficiency 2023 (UE-2019/2015):</b>	F	<b>Certifications:</b>	CE & RoHS, UKCA

## Description

**The 7W GU10 S11 60° 560lm Dimmable LED Bulb** is made from PC / aluminium and provides us with a pleasant tone of light, along with focused and high quality light.

GU10 bulbs are widely used in ceiling lights and also for lighting shop windows. **The 7W GU10 S11 60° 560lm Dimmable LED Bulb** is the perfect alternative for replacing older traditional GU10 halogens, achieving energy savings of up to 80%.

Combined with a Triac Dimmer (see accessories), **we can adjust the brightness of the lights and have perfectly lit areas at any given moment.**

Installation is very simple, just remove the halogen bulb and install the new GU10 bulb straight to the mains. This bulb allows us to remove the additional consumption of conventional ballasts (electric or electromagnetic), increasing our energy savings.

Thanks to a reduced size, power and low consumption, these bulbs are perfect for shops, display cabinets, hallways, wardrobes, bathrooms, kitchens, etc.
