Colour Temperature

☒ Cool White 6000K

Ref:

3827-8930

Technical Details

Power	2 W
Tension	220-240V AC
Rated Voltage	85-265V AC
Frequency	50-60 Hz
Adjustable	No
Casquillo	E12
Brightness	150 lm
Use	Indoor

Dimensions	83 mm x Ø25 mm
High	83 mm
Diameter	25 mm
Useful life	50,000 Hours
Light color	Cool White
Color Temperature	6000K
Energy Efficiency 2023 (EU-2019/2015)	F

Description

The E12 T25 LED bulb with 2W of power is the ideal model to replace the old bulbs with E12 socket.

The 150 lumens it provides are equivalent to the brightness of a conventional bulb of around 8W. This results in an **energy saving of 80%**. The light emitted is distributed at an angle of 360°.

In addition to energy efficiency, this type of lighting **stands out for its long service life, which is estimated at 30,000 hours**. This is thanks to the quality of the materials, such as aluminium and polycarbonate, used in its manufacture.

Renew the lighting of any space with the LED Bulb E12 T25 2W from our online lighting shop.
