Technical Details

Power:	3 W	Use:	Indoor
Power Factor:	0.97	IP Protection:	IP20
Voltage:	220-240V AC	Material:	Epoxy Resin
Frequency:	50-60 Hz	Size:	16x7x55 mm
Dimmable:	TRIAC	Height:	16 mm
Screw:	G9	Width:	7 mm
Light Colour:	Daylight, Cool White, Warm White	Length:	55 mm
CRI:	80	Total Weight:	0.010 kg
Lumens:	260 lm	Life Span:	40,000 Hours
Energy Efficiency 2021 (UE-1369/2017):	A+	Warranty:	3 Years
Energy Efficiency 2023 (UE-2019/2015):	F	Certifications:	CE & RoHS, UKCA
Beam Angle:	360°		

Description

The **3W G9 LED Bulb 260 lm** is presented as the ideal solution to replace small G9 bi-pin halogen bulbs up to **40W**, achieving a significant reduction in energy consumption.

Features of the 3W G9 LED Bulb 260 lm

Its high-efficiency SMD LEDs with a power factor of 0.97 generate a luminosity of 500 lumens, **which can be adjusted according to the needs of the moment, with an opening angle of 360°**. The high colour rendering index guarantees faithful colour reproduction. On the outside, it is coated with high-quality transparent epoxy resin that protects the components from shocks and vibrations.

The use of the 3W G9 LED Bulb 260 lm is particularly suitable for small spaces such as shelves, display cabinets or cupboards because they are very small in size and do not give off heat. In addition, as they operate at 220V AC, we do not need to install any type of transformer.
