Ambience

Description

The 4W E27 G45 400 lm Dimmable Gold Filament LED Bulb is compact and has minimal consumption.

The 300 lumens it provides are similar to those of a conventional light bulb of about 25W. **LED lighting elements have a long useful life** , which facilitates the reduction of replacement and maintenance costs.

The synthetic filaments of the 4W E27 G45 400 lm Dimmable Gold Filament LED Bulb that we present to you **maintain the retro look of filament bulbs and contribute to creating a cozy atmosphere** . It also stands out for the absence of harmful materials, since it does not include lead or mercury. The light flow is fully adjustable through the Triac system.
