Description

This type of frame is pure **elegance**. This **2x Module Glass Frame Modern** in black or white is a structure made with the best materials and a clear, fresh and a compact design.

This frame has an external size of 156x85mm and an internal size of 47x47mm.

They can be assembled with:

- Eight narrow elements.
- Four wide elements.
- One wide element and six narrow elements.
- Two wide elements and four narrow ones.
- Three wide and two narrow elements.

We recommend using the **same colour finish for keys and covers** as we have a wide range of fully compatible mechanisms that can be combined with this type of frame

The base is made of PC and the frame is finished in glass.

Cleaning it is as simple as using a soft cloth slightly moistened with soapy water and gently wiping the frame for a few seconds.

Please note that this product is only suitable for recessing, so it is not possible to place it directly on a surface.
