Description

The Ates Adjustable Surface Spotlight in Black works with GU10 LED bulbs. Made of aluminium, this spotlight is specially designed for indoor use.

It's designed mainly for lighting in shops and shop windows, although it can be used in any indoor environment. It's a very versatile type of LED lighting and can be pointed in any direction, thanks to its rotation axis. It's generally used for accent lighting in shops, shop windows, **commercial centers, supermarkets, showrooms, living rooms, bedrooms, kitchens, hallways, etc.**

Requires a GU10 Bulb that IS NOT INCLUDED with the product.
