Colour Temperature	Ref:
 No Flicker Daylight 4000K - 4500K	1009-173782
 Cool White 6000K	1009-174691
 Warm White 3000K	1009-174698

Technical Details

Power	2.5 W	High	47 mm
Tension	220-240V AC	Wide	12 mm
Frequency	50-60 Hz	Lenght	16 mm
Adjustable	No	Useful life	40,000 Hours
Casquillo	G9	Selectable Opening Angle	360
Light Source	EPISTAR SMD3014	Light color	Warm White, Cool White, Daylight
Color Rendering Index (CRI)	80	Color Temperature	3000K, 6000K, 4000K - 4500K
Brightness	200 lm	Energy Efficiency 2023 (EU-2019/2015)	F
Use	Indoor	Flicker	No Flicker
IP Protection	IP20		

Description

This G9 2.5W LED Bulb allow us to replace halogen bi-pin bulbs and save us energy.

It uses highly efficient Epistar-SMD3014 LED's which provide a brightness of 200 lumens within a 360° angle. It works directly at 220-240V AC, **meaning that it doesn't require a transformer of any kind**. It's made from polycarbonate and has a 30,000 hour working life, which is 10 times longer than that of a conventional bulb.

Thanks to the reduced dimensions of this G9 2.5W LED Bulb, it's generally used in areas in which a larger bulb wouldn't fit. **They are commonly found in shelves, wardrobes and showcases**. Also, they hardly emit heat which is very useful in these environments.

On our online LED lighting shop you'll find G9 2.5W LED Bulbs **available in various colour temperatures, like warm white, daylight and cool white**, so that you can make a choice in function with your requirements.
