66623-133188

Technical Details

Power	60 W
Tension	220-240V AC
Rated Voltage	100-240V AC
Frequency	50-60 Hz
LED number	24
Use	Outdoor
IP Protection	IP65

Material	Aluminum
Installation	Surface
Weight	3.6 kg
Brand	EQUIPSON
Selectable Opening Angle	25
Type of regulation	DMX
Light color	RGB

Description

The **60W MBAR 381 IP65 Equipson RGB DMX Linear LED Wash Light** contains a light source with 24 RGB coloured LEDs totalling 72W. It is manufactured by the prestigious brand EQUIPSON, a high tech Spanish company specialized in entertainment and professional installations. It was founded in 1995, and after more than 20 years of rapid growth, the company has earned the trust and respect of all major players.

Characteristics of the 60W MBAR 381 IP65 RGB DMX Linear LED Wash Light

This spotlight allows a homogeneous colour tone to be obtained. **It is controlled and dimmed by means of DMX protocol through fixed channels, allowing the user to control the behaviour of the LED lights at all times.** Its use is simple, just connect a compatible console with a standard DMX to the input enabled for it.

Its heat dissipation system is one of the most effective on the market as it is made of high resistance aluminium materials along with a honeycomb panel head. With **an opening angle of 25°** it is perfect for focusing the light in a specific place.

The back of the spotlight has an interface with a screen to display the DMX channels and buttons to navigate through the menu. You can select different parameters such as manual dimmer and strobe (flashing) mode with speed control. The spotlight includes DMX modes (3 and 7 channels) with individual dimming levels, strobe function and automatic program.
