## Description

**The PAR56 18W 12V AC/DC IP68 LED Pool Light is perfect for decorative lighting inside the pool.**

Its 252 SMD 3014 LEDs provide 1,450 lumens of pleasant light. Made of very resistant glass, this bulb is totally waterproof and withstands complete and continuous immersion. However, it should be noted that **it is suitable for use in salt water.**

**It is installed recessed in the niche designed for this purpose** and keeps the connection points of the PAR56 18W 12V AC/DC IP68 LED Pool Light protected. This guarantees its correct operation.

The LED pool lights that we present to you at Ledkia provide a touch **of light and create a special atmosphere for the most refreshing moments of the summer.**

**Forget about the heat and enjoy your pool to the fullest when the sun goes down** with the PAR56 18W 12V AC/DC IP68 LED Pool Light , available in our LED lighting online shop with a Five-year guarantee.

\*We do not recommend testing the product more than 20 seconds out of water
