Description

The 2m Jelendi LED Wire String Lights is ideal for a decorative light with low power consumption that allows you to create a cosy and fun atmosphere in your home or shop.

Characteristics of the 2m Jelendi LED Wire String Lights

The 2m Jelendi LED Wire String Lights is characterized by 3.6W of power and 200 LEDs distributed in shape of branches. The garland is approximately 6 metres long with different branches wrapped with small LEDs that simulate a tree branch wrapped in lights. The string light has a **manual on/off option and is connected directly to the 220-240V AC mains power supply**.

Applications of the 2m Jelendi LED Wire String Lights

This product is perfect for both indoor and outdoor decoration thanks to its **IP44** protection. It is the ideal product to decorate special events such as weddings, anniversaries, communions, or even to decorate any part of your home.

*This garland has a button with 8 functions and timer, to change the mode you have to press the button once short, if you press it for 2-3 seconds, the button lights green and activates the timer, 6 hours ON and 18 hours OFF.
