Technical Details

Power:	2 W
Power Factor:	0.85
Voltage:	220-240V AC
Frequency:	50-60 Hz
Screw:	G9
Light Colour:	Daylight, Cool White, Warm White
CRI:	80
Lumens:	220 lm
Luminous Efficiency:	110 lm/W
Energy Efficiency 2023 (UE-2019/2015):	F
Beam Angle:	360°

Use:	Indoor
IP Protection:	IP20
Material:	Glass
Size:	60x14 mm
Height:	60 mm
Diameter:	Ø14 mm
Total Weight:	0.01 kg
Life Span:	40,000 Hours
Warranty:	3 Years
Certifications:	CE & RoHS, UKCA

Description

The **2W G9 220 lm COB LED Bulb** allows you to replace the halogen bulbs with the significant energy savings.

It integrates high efficiency LEDs that emit a luminous output 220 lumens and a 360° beam angle. It functions at 220-240V AC so it does not require any type of transformer. It is made of glass and has a **lifespan of 30,000 hours**, a durability ten times longer than that of a conventional bulb.

Thanks to its minimized dimensions, the **2W G9 220 lm COB LED Bulb** is mainly used to illuminate spaces where a larger bulb would not fit. They are very common in shelves, cabinets or showcases. In addition, they discharge almost no heat, which is very useful in this type of installation.
