## Description

**This A60 E27 10W LED Bulb can perfectly replace conventional Edison Screw bulbs** of up to 80W.

The SMD2835 light source is capable of producing a brightness of 999 lumens. Made from high quality PC and aluminium, this A60 E27 10W LED Bulb has CE, RoHS and TUV certifications. **The light it emits is scattered over a 180° angle.** Also, the frosted diffuser reduces the glare to a minimum.

LED lighting is the most efficient and safe option on the market, as it doesn't contain dangerous substances such as mercury, it doesn't generate heat and the working life has no competitor. This A60 E27 10W LED Bulb **is a perfect example of a completely ecological bulb.**

With the incredible prices available at Ledkia our online lighting shop, enjoying ecological and quality lighting has never been so easy.

\*For installation in closed luminaries, the maximum recommended time the bulb should be left ON is half of the maximum specified in the general conditions.
